

## **Storage Only**

Supplies lockable security doors to the shed but does not supply locks for leased spaces for private craft.

hold no responsibility for any loss or damage both to private equipment or craft at anytime.

### **Personal Liability to Club Members**

Members are fully responsible for their own actions and club property.

Any club property damaged by a club member will be repaired or replacement at their cost.

All craft must be clean before placing them into the shed (no sand at all).

Any boats dropping sand etc below onto the floor or other craft will be warned then billed to clean up after them.

All craft with under slung rudders must have a protector on them (two old socks doubled up is a simple method) this is to stop the damage to the decks of your craft while you slide it in and out.

## **Security**

You must lock the shed doors when you go for a paddle or leave the shed at anytime, it must not be left open at anytime.

Other people approaching the shed as you leave or you are locking it up wanting it left open as they are using boats, it is up to you to lock it or verify they are members and have a key.

### **Weather:**

We strongly advise you check the weather before you venture out on the harbour.

Remember weather can change in minutes, we have a weather channel link on our web

site for you to use for your safety.

The marine weather channels are the most up to date and accurate.

Paddling at night; 360-degree viewable front and rear white lights must be displayed half

Example: (DarrenKeen 4) if there is not enough space Darren K 4 or D  
Keen 4 no short abbreviations will be excepted like DK4  
Monthly amount agreed upon to be deposited into

Lance OConnor Account West-Pac Bank BSB 032 573 ACC 224112  
on the 1st of each month.

Note: Any deposits made manually or blank or late will not be excepted.  
A direct repeated transaction deposit system from your bank to our bank  
will basically be the best, we do not want to chase people of search  
every week for late or problem deposits)
